☎ (786) 381-4136 | [Gdedgardo381@gmail.com](mailto:Gdedgardo381@gmail.com) | [github.com/edgardopaz](https://github.com/edgardopaz)  
5922 Royal Fern Road, Allentown, PA 18104

## EDUCATION

### Temple University

*Bachelor of Science in Computer Science, GPA: 3.79*

Aug 2024 – May 2028

*Philadelphia, PA*

## TECHNICAL SKILLS

**Programming Languages:** Python, Java, TypeScript, JavaScript, C (basic)

**Web Development:** React, Flask, HTML, CSS, Tailwind CSS, Wix

**Databases:** SQLite, SQL

**Tools:** Git, Linux/Unix Shell, Selenium, VSCode, Docker, Linode

## PROJECTS

### Flashcard Web App

- Built a Flask/SQLite app supporting 100+ flashcards with CRUD, tested for <200ms query time.
- Designed HTML/CSS interface that improved usability and study efficiency.
- Integrated Python backend logic to deliver scalable, reliable functionality.

### Sales Workflow Automation

- Automated sales checks with Python/Selenium, cutting verification time by ~80%.
- Updated CRM records with 50+ accurate test runs, eliminating manual entry errors.
- Demonstrated weekly time savings of 10+ hours for sales teams.

### Portfolio Website

- Built Flask/HTML/CSS portfolio site with responsive layouts for all devices.
- Implemented Python routes for dynamic project updates in minutes, not hours.
- Tested deployment pipeline to validate production-readiness.

## EXPERIENCE

### Altheros Capital

*Front-End Developer Intern*

Remote

*Sept 2025 – Present*

- Built and maintained React.js, TypeScript, and Tailwind CSS components to deliver responsive features.
- Turned wireframes into functional interfaces with designers, speeding up design-to-deployment.
- Created mobile-friendly, accessible layouts that improved usability across devices.
- Integrated APIs for authentication, dashboards, and real-time data, enabling faster insights.
- Supported agile workflows through reviews, testing, and standups to improve collaboration.

### Linneman Associates

*Web Consultant*

Remote

*Jun 2025 – Present*

- Maintain Wix sites serving thousands daily, ensuring accuracy and uptime.
- Implement content/design updates, improving usability and client satisfaction.
- Translate business needs into technical changes with faster turnaround.
- Troubleshoot layout/configuration to minimize downtime across sites.

### Zom Technologies

*Software Engineer Intern*

Remote

*May 2025 – Aug 2025*

- Delivered responsive React/TypeScript features, improving mobile usability.
- Linked frontend with mock APIs, ensuring consistent real-time data handling.
- Partnered with designers to streamline workflows, reducing clicks for key tasks.
- Documented test plans that de-risked future deployments.

## VOLUNTEER WORK

### Tyber Medical

*Volunteer*

Bethlehem, PA

*Jan 2024*

- Packaged hundreds of sterile surgical components with 100% quality compliance.
